SUMMARY

ICE student at BUP with hands on experience across software development, IT infrastructure and technical administration. Led university robotics teams and organized national tech competitions, used to being the one who turns a technical workflow into something people can actually use. Comfortable with document preparation, data analysis and coordinating across teams. Looking for a role where that mix of technical grounding and organizational sense can be applied.

TECHNICAL SKILLS

- **Operations:** Google Workspace (Docs, Sheets, Slides), Power BI, Microsoft Office
- **Programming Languages:** Python, Java, JavaScript, Dart, SQL, C/C++, HTML/CSS
- **Frameworks & Libraries:** React, Laravel, Flutter, Tailwind CSS
- **System Administration & Tools:** Linux (Ubuntu Server), Plesk Panel, Apache, Git/GitHub, VirtualBox, Windows

EDUCATION

B.Sc. in Information and Communication Engineering (ICE)

Bangladesh University of Professionals (BUP)

Jul 2022 to Present

CGPA: 3.55 (Up to 7th sem)

- **Thesis:** AI-Driven Predictive Fault Tolerance for Tier-III Data Center Reliability (Ongoing)

Higher Secondary Certificate (HSC)

Mirpur Cantonment Public School & College

2021

GPA 5.00

Secondary School Certificate (SSC)

Monipur High School & College

2019

GPA 5.00

EXPERIENCE

IT-Intern

Startup Bangladesh Limited

May 2026 to Present

Dhaka, Bangladesh

- Build and deploy internal applications from scratch including ACES and SBL Companion, manage Linux server infrastructure and coordinate with external vendors on the new company website. Also handle hardware procurement and daily IT support.
- Took the IMM Platform through to demo launch, then handled the technical review for the NESP, moving between Laravel development and Power BI reporting as the week demanded.

Founder

EPNFRN Technologies

Jan 2021 to Jun 2023

Dhaka, Bangladesh

- Ran a dropshipping shop for two years from zero capital, handling vendors, orders and deliveries myself, and generated roughly 40,000 BDT in net profit out of it by the end.

Content Typist

10 Minute School

Apr 2022 to Sep 2022

Dhaka, Bangladesh

- Formatted presentation slides and educational material for mass distribution, catching layout and data errors across hundreds of pages along the way.

LEADERSHIP & EXTRACURRICULARS

- **Senior Vice President, BUP Robotics Club:** Directed the club's first national-level robotics competition, then represented the university at regional RoboSoccer tournaments.
- **Web Administrator, BICE-2022 Academic Portal:** Built and kept the academic portal running on Google Sites for four years, updating syllabuses and organizing resources so students could actually find what they needed.
- **Media Coordinator, IEEE BUP Student Branch:** Coordinated media and photography for major events, including IEEE Branch Fest 2023 and the 2nd International Conference on ICT4SD, and maintained the digital archives.

KEY PROJECTS

Ki Oushodh

Offline Medicine Identifier, Flutter

- Built an offline Android app for elderly and low-literacy users that reads a medicine strip through the camera with on-device OCR, matched against a database of 13,929 medicines, with results read aloud in Bangla or English.

BUP Bus Tracker

Live Transit App, Flutter & Firebase

- Co-built a two-app system, one for students tracking buses in real time and one for drivers sharing their location. Live on Google Play and used daily by campus commuters.
