SUMMARY

Information and Communication Engineering graduate with practical experience in running IT operations and managing server infrastructure. I excel at translating complex data pipelines and technical infrastructure into accurate, everyday business reporting and operational stability. With a strong background in leading project teams, working directly with vendors, and using data to improve daily operations, I am looking for opportunities where I can combine my technical skills with my organizational sense to get things done.

EDUCATION

B.Sc. in Information and Communication Engineering (ICE) <i>Bangladesh University of Professionals (BUP) – CGPA: 3.58/4.00</i>	Jul 2022 to Jul 2026
Higher Secondary Certificate (HSC) , Mirpur Cantonment Public School & College – GPA 5.00	2021
Secondary School Certificate (SSC) , Monipur High School & College – GPA 5.00	2019

EXPERIENCE

IT-Intern <i>Startup Bangladesh Limited</i>	May 2026 to Present <i>Dhaka, Bangladesh</i>
- Managed enterprise IT operations and Linux server infrastructure, streamlining daily technical support and hardware procurement workflows. - Coordinated directly with external vendors to revamp the corporate website deployment, ensuring alignment with strict organizational compliance. - Developed internal operational applications and contributed to national platforms, including the IMM Platform and NSEP Platform.	
Founder <i>EPNFRN Technologies</i>	Jan 2021 to Jun 2023 <i>Dhaka, Bangladesh</i>
Founded and managed a zero-capital social commerce operation, overseeing logistics, vendor relations, and orders.	
Content Typist <i>10 Minute School</i>	Apr 2022 to Sep 2022 <i>Dhaka, Bangladesh</i>
Executed formatting and quality assurance for educational presentation slides intended for mass distribution, ensuring strict layout and data accuracy.	

LEADERSHIP & EXTRACURRICULARS

- Senior Vice President, BUP Robotics Club:** Directed Circuit Clash 1.0, the club's first national robotics competition, and represented the university at regional tournaments.
- Web Administrator, BICE-2022 Academic Portal:** Built and maintained the academic portal on Google Sites for 4 years, centralizing resources for 200+ students and faculties.
- Media Coordinator, IEEE BUP Student Branch:** Coordinated media for major events including IEEE Branch Fest 2023 and the 2nd ICICT4SD, maintaining all digital archives.

TECHNICAL SKILLS

- Data & Operations:** Advanced Excel, Power BI, SQL, Google Workspace.
- System Administration:** Ubuntu Server, Plesk, Hardware Procurement, and Git/GitHub
- Programming Languages:** Python, Dart, C/C++, HTML/CSS, JavaScript

KEY PROJECTS

BUP Bus Tracker

Live Transit App, Flutter & Firebase

- Co-developed a real-time logistics tracking system utilizing Flutter and Firebase to optimize campus transportation.
- Deployed a dual-application architecture that is utilized daily by the university's commuters.

Ki Oushodh

Edge-AI Offline Medicine Identifier, Flutter & ML Kit

- Engineered an offline Edge-AI mobile application utilizing Google ML Kit for zero-latency optical character recognition.
- Designed a 5-tier fuzzy search algorithm to query a local NoSQL database of 13,929 pharmaceutical brands.
- Integrated on-device Text-to-Speech (TTS) to deliver audio feedback, addressing accessibility for low-literacy users.
